For 70 years, Bio-Rad has been committed to innovation and transformation in the fields of science and healthcare. As one of the five largest companies in the life sciences sector, we are leaders in the development, production and marketing of a wide range of research and clinical diagnostic products. Our raison d'être is to help people live longer, healthier lives.

Bio-Rad offers the opportunity to work with teams around the world. Here, management helps you build your career step by step, and you are encouraged to implement changes that will have a real impact.

Bio-Rad's greatest asset is its people, which is why our total rewards programs offer value, quality and inclusivity while meeting the diverse needs of our ever-changing workforce. Our robust offerings serve to enrich the wealth and well-being of our employees throughout the various stages of an employee's work and life cycle.

If you feel attracted by this opportunity and would like to take on new challenges, please submit your complete application (covering letter, CV, copies of work certificates and diplomas, etc.). We'd love to get to know you.
